

CX Wired Internal Flush Mount Piezo Siren

Model: **CX-IS05**

108±5dB SPL

OVERVIEW

The CX-IS05 is a compact, flush-mount internal piezo siren designed for residential and commercial alarm systems. With a powerful 108dB output and a clear single-tone sound pattern, it delivers a clear, attention-grabbing alert to notify occupants of an intrusion or system trigger – while its low-profile design mounts neatly and discreetly indoors.

KEY FEATURES

- 108dB loud piezo output
- Single Tone sound output
- Compact flush-mount design
- Wide DC9–15V voltage range
- Low current draw (150±50mA)
